

'One Course' walk

45 minutes

Explore our idyllic riverside village with this 'one course' walk.

A leisurely stroll through the countryside towards the quay, taking in the sights and sounds of the peaceful landscape. Follow the river round past the ferry crossing, back up into the village, before continuing along Quay Street which is lined with quaint cottages. Follow the road back towards the church round onto the main village square, finishing at The Crown and Castle.

Exploring Orford and the surrounding area

Discover the local area while you stay at The Crown and Castle, with these walks curated by our Folk.

We're all about delicious food. In order to make your stay more comfortable, we've put together a selection of walks you may enjoy during your stay. Whether you've had one course or four, there's a suitable route for all.

Two course - 2 miles - 1 hour

Follow the road past Orford castle, on to open farmland and back round into the village. Watch out for the piglets!

Three course - 5 miles - 2 hours

Heading north to the village of Sudbourne. Back through the woods, past the 12th century All Saints Church and into Sudbourne park, before walking back into Orford.

Four course - 7 miles - 3.5 hours

Walk towards the quay, following along the river wall to Butley Ferry. Find out where Pinney's smokehouse actually is and see if you can spot any of the scenes from The Dig! Then head back into the village.

If you are feeling a little more adventurous, why not try our 5 course walk? With an approximate length of 7.5 hours, it's not for the faint of heart! It will take you along the river edge, past open farmland and through the woods, back into the village.

Please ask one of our Folk at reception for printed versions or alternatively, to download a copy of our walking maps, just scan the **QR Code** with your phone or visit crownandcastle.co.uk/discover
